

Dr. Moussa came to the USA for a visit!

Pictured right:
Moussa preaching at 3
different churches

Greetings Friends,

July, 2023

Now that the Covid pandemic has wound down for a while, we were extremely thankful to be able to welcome Brother Moussa back to the United States to update and encourage his supporters and friends. For those of us who were able to see him, hopefully we were able to encourage and uplift him as well. There have been substantial changes in the country of Burkina Faso, but first I would like to discuss some changes here as well.

There are three main items of importance we need to alert you to:

- I. Child sponsorship has been \$30/month per child beginning in 2005. Since then, there has been a famine, terrible inflation, plus other occurrences causing prices to rise. In order to be effective in 2023 and beyond, we have agreed that \$40/month is more realistic in terms of supporting those who need it. If you currently give \$30/month and the added money would be a burden to you, the \$30/month you originally committed to will remain. We have gratefully received extra donations every month which go towards filling in those gaps. Please contact me with any questions regarding this.
- II. Please note that the office of West African Christian Ministries will no longer be in our home, since we will be moving. Please do not send any more correspondence or donations to the 900 Jefferson St. address; please instead send to: **WACM, P.O. Box 429, Valparaiso, IN 46304-0429.**
- III. If you would prefer to receive prayer letters in an email (via MailChimp), please email me and let me know your email address: judyhull13@hotmail.com

As times change, we try to keep the emphasis on what will best serve the Lord's work in Burkina Faso, led by Dr. Moussa Coulibaly. Thank you for your understanding.

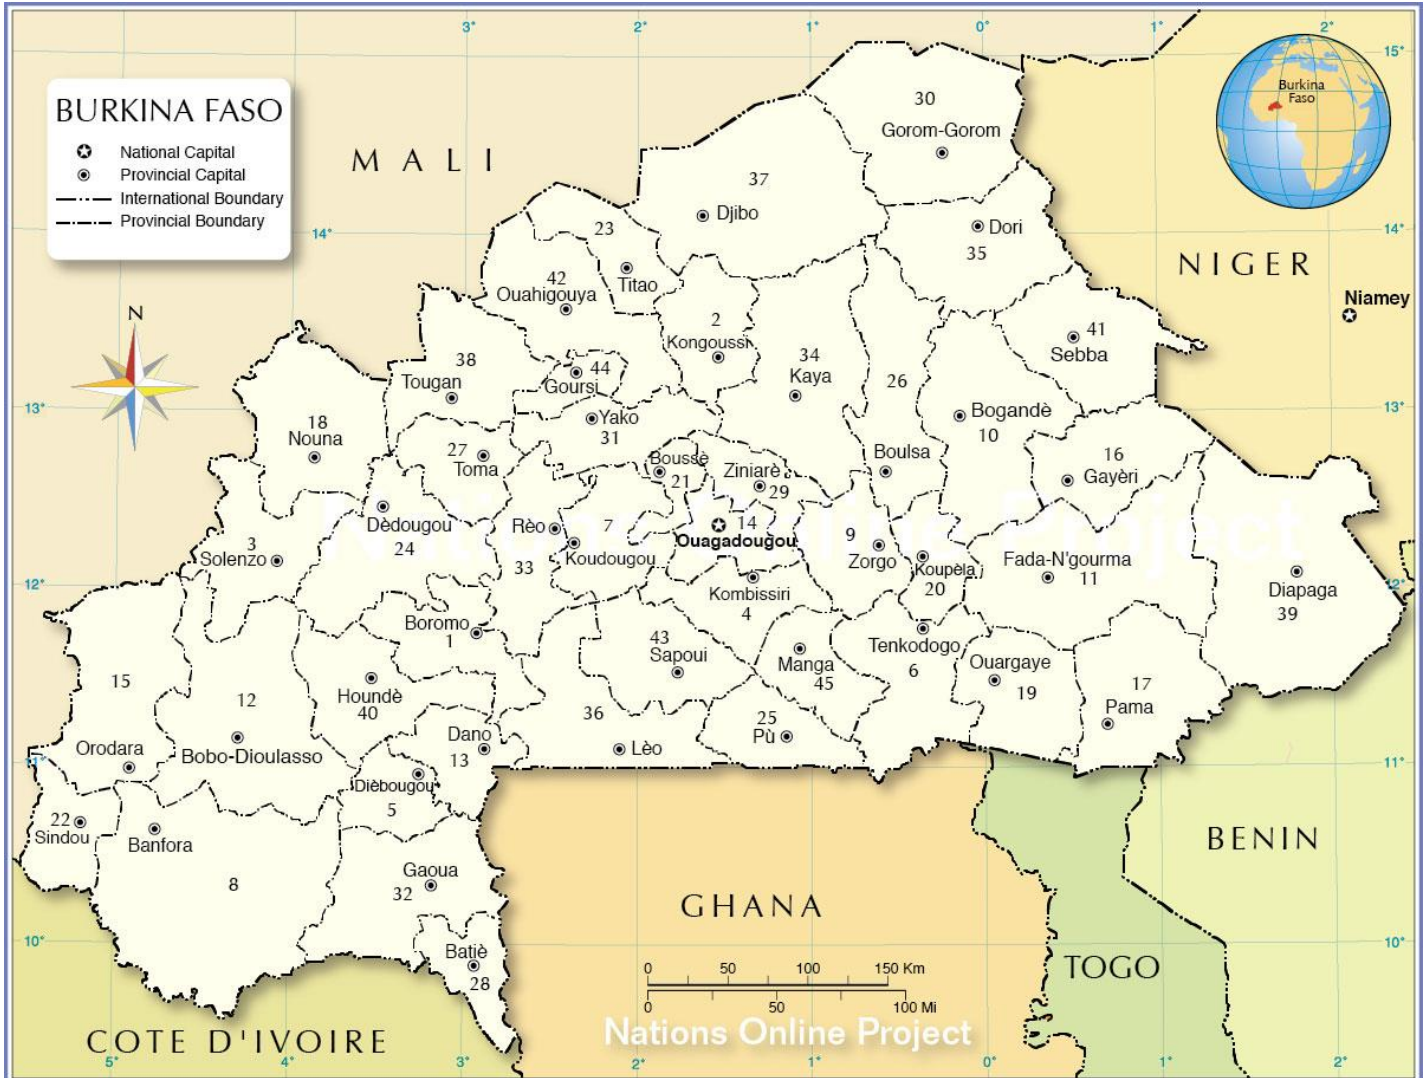

Proverbs 16:9

*In their hearts humans plan their course,
but the Lord establishes their steps. (NIV)*

Currently the ministry has 5 secondary schools and 8 elementary schools with a grand total of more than 6,000 students. The child sponsorship program only supports 150 of those students but we now have a goal to add 50 new child sponsors each year, starting with 2023. Would you prayerfully consider sponsoring a(nother) child, or would you be willing to share our goal with a close friend who might be interested?

Terrorists in the Northern and Western Parts of Burkina Faso

Last year we were informed that the school in Solenzo (#3 on map) was closed due to terrorists in the area and then we heard that the construction of the Dedougou school (#24 on map) was not completed in time. In the meantime, Moussa had brought the teachers and some of the students from Solenzo to the unfinished Dedougou school. *But what to do?* God led Moussa to rent a school on the north side of Dedougou. Since the school year ended, the terrorists seem to have left the area and the Dedougou school has been completed.

Sita is in the child sponsorship program. She wants us to pray that God will help all those who are suffering from hunger. She prays that God will bless the child sponsors in all their activities and that God will grant them a long life.

*There is much we can be thankful for;
there is also much to be in prayer for.*

P.O. Box 429
